July 18, 2019

Town of Goshen Planning Board
Attn: Chairman Lee Bergus
41 Webster Ave. – 1st Floor
Goshen, NY 10924

Re: South Goshen Solar

Chairman Bergus,

Enclosed, please find the following document associated with the South Goshen Solar project:

- Updated Visual Analysis

A full application package for South Goshen Solar was submitted to the Town of Goshen on January 24, 2019. On February 28, 2019 we presented the project to the Goshen Town Board. On June 6, 2019 we presented the project to the Goshen Planning Board.

As discussed at the June 6 meeting, we have updated the visual analysis based on input from the Planning Board. This updated visual analysis is enclosed.

With the enclosed submittal we respectfully request placement of the South Goshen project on the agenda for the August 1, 2019 Planning Board meeting. At that time we would like to request scheduling of a joint public hearing for the August 15, 2019 Planning Board meeting.

We appreciate your attention to this matter and look forward to further discussion of the project.

Sincerely,

Ryan Irwin
Project Developer
