Goshen, NY 10924

Re: South Goshen Solar

Chairman Bergus,

Following on our recent submittals for the South Goshen Solar project we respectfully request placement of this application on the agenda for the August 15, 2019 Planning Board meeting. At that time we will request that a joint public hearing be scheduled for the September 5, 2019 Planning Board meeting.

We have submitted a similar letter request to Supervisor Bloomfield with respect to coordinating the Town Board's attendance at a joint public hearing.

We appreciate your attention to this matter and look forward to further discussion of the project.

Sincerely,

Ryan Irwin
Project Developer
