Building Permitting Process:

As of June 1, 2018, all plans for a building permit application must submit two hard copies and one digital copy. The digital copy should be sent to buildingandzoning@townofgoshen.org. The exceptions for the submission of digital copies are those projects we are allowed to accept without a design professional's work. The exceptions not requiring an Architect's or Professional Engineer's stamp or Seal are:

1. Farm Buildings used solely and directly for agricultural purposes;
2. Single family residential buildings 1500 square feet or less, not including garages, carports, porches, cellars, or uninhabitable basements or attics;
3. Alterations costing less than \$20,000 or less outside of New York City, if these alterations do not involve changes affecting the structural safety or public safety of the building or structure.

Respectfully Submitted,

Neal Halloran
