### *Building Permitting Process:*

As of June 1, 2018, all plans for a building permit application must submit two hard copies and one digital copy. The digital copy should be sent to [buildingandzoning@townofgoshen.org](mailto:buildingandzoning@townofgoshen.org). The exceptions for the submission of digital copies are those projects we are allowed to accept without a design professional's work. The exceptions not requiring an Architect's or Professional Engineer's stamp or Seal are:

1. Farm Buildings used solely and directly for agricultural purposes;
2. Single family residential buildings 1500 square feet or less, not including garages, carports, porches, cellars, or uninhabitable basements or attics;
3. Alterations costing less than \$20,000 or less outside of New York City, if these alterations do not involve changes affecting the structural safety or public safety of the building or structure.

Respectfully Submitted,

*Neal Halloran*
